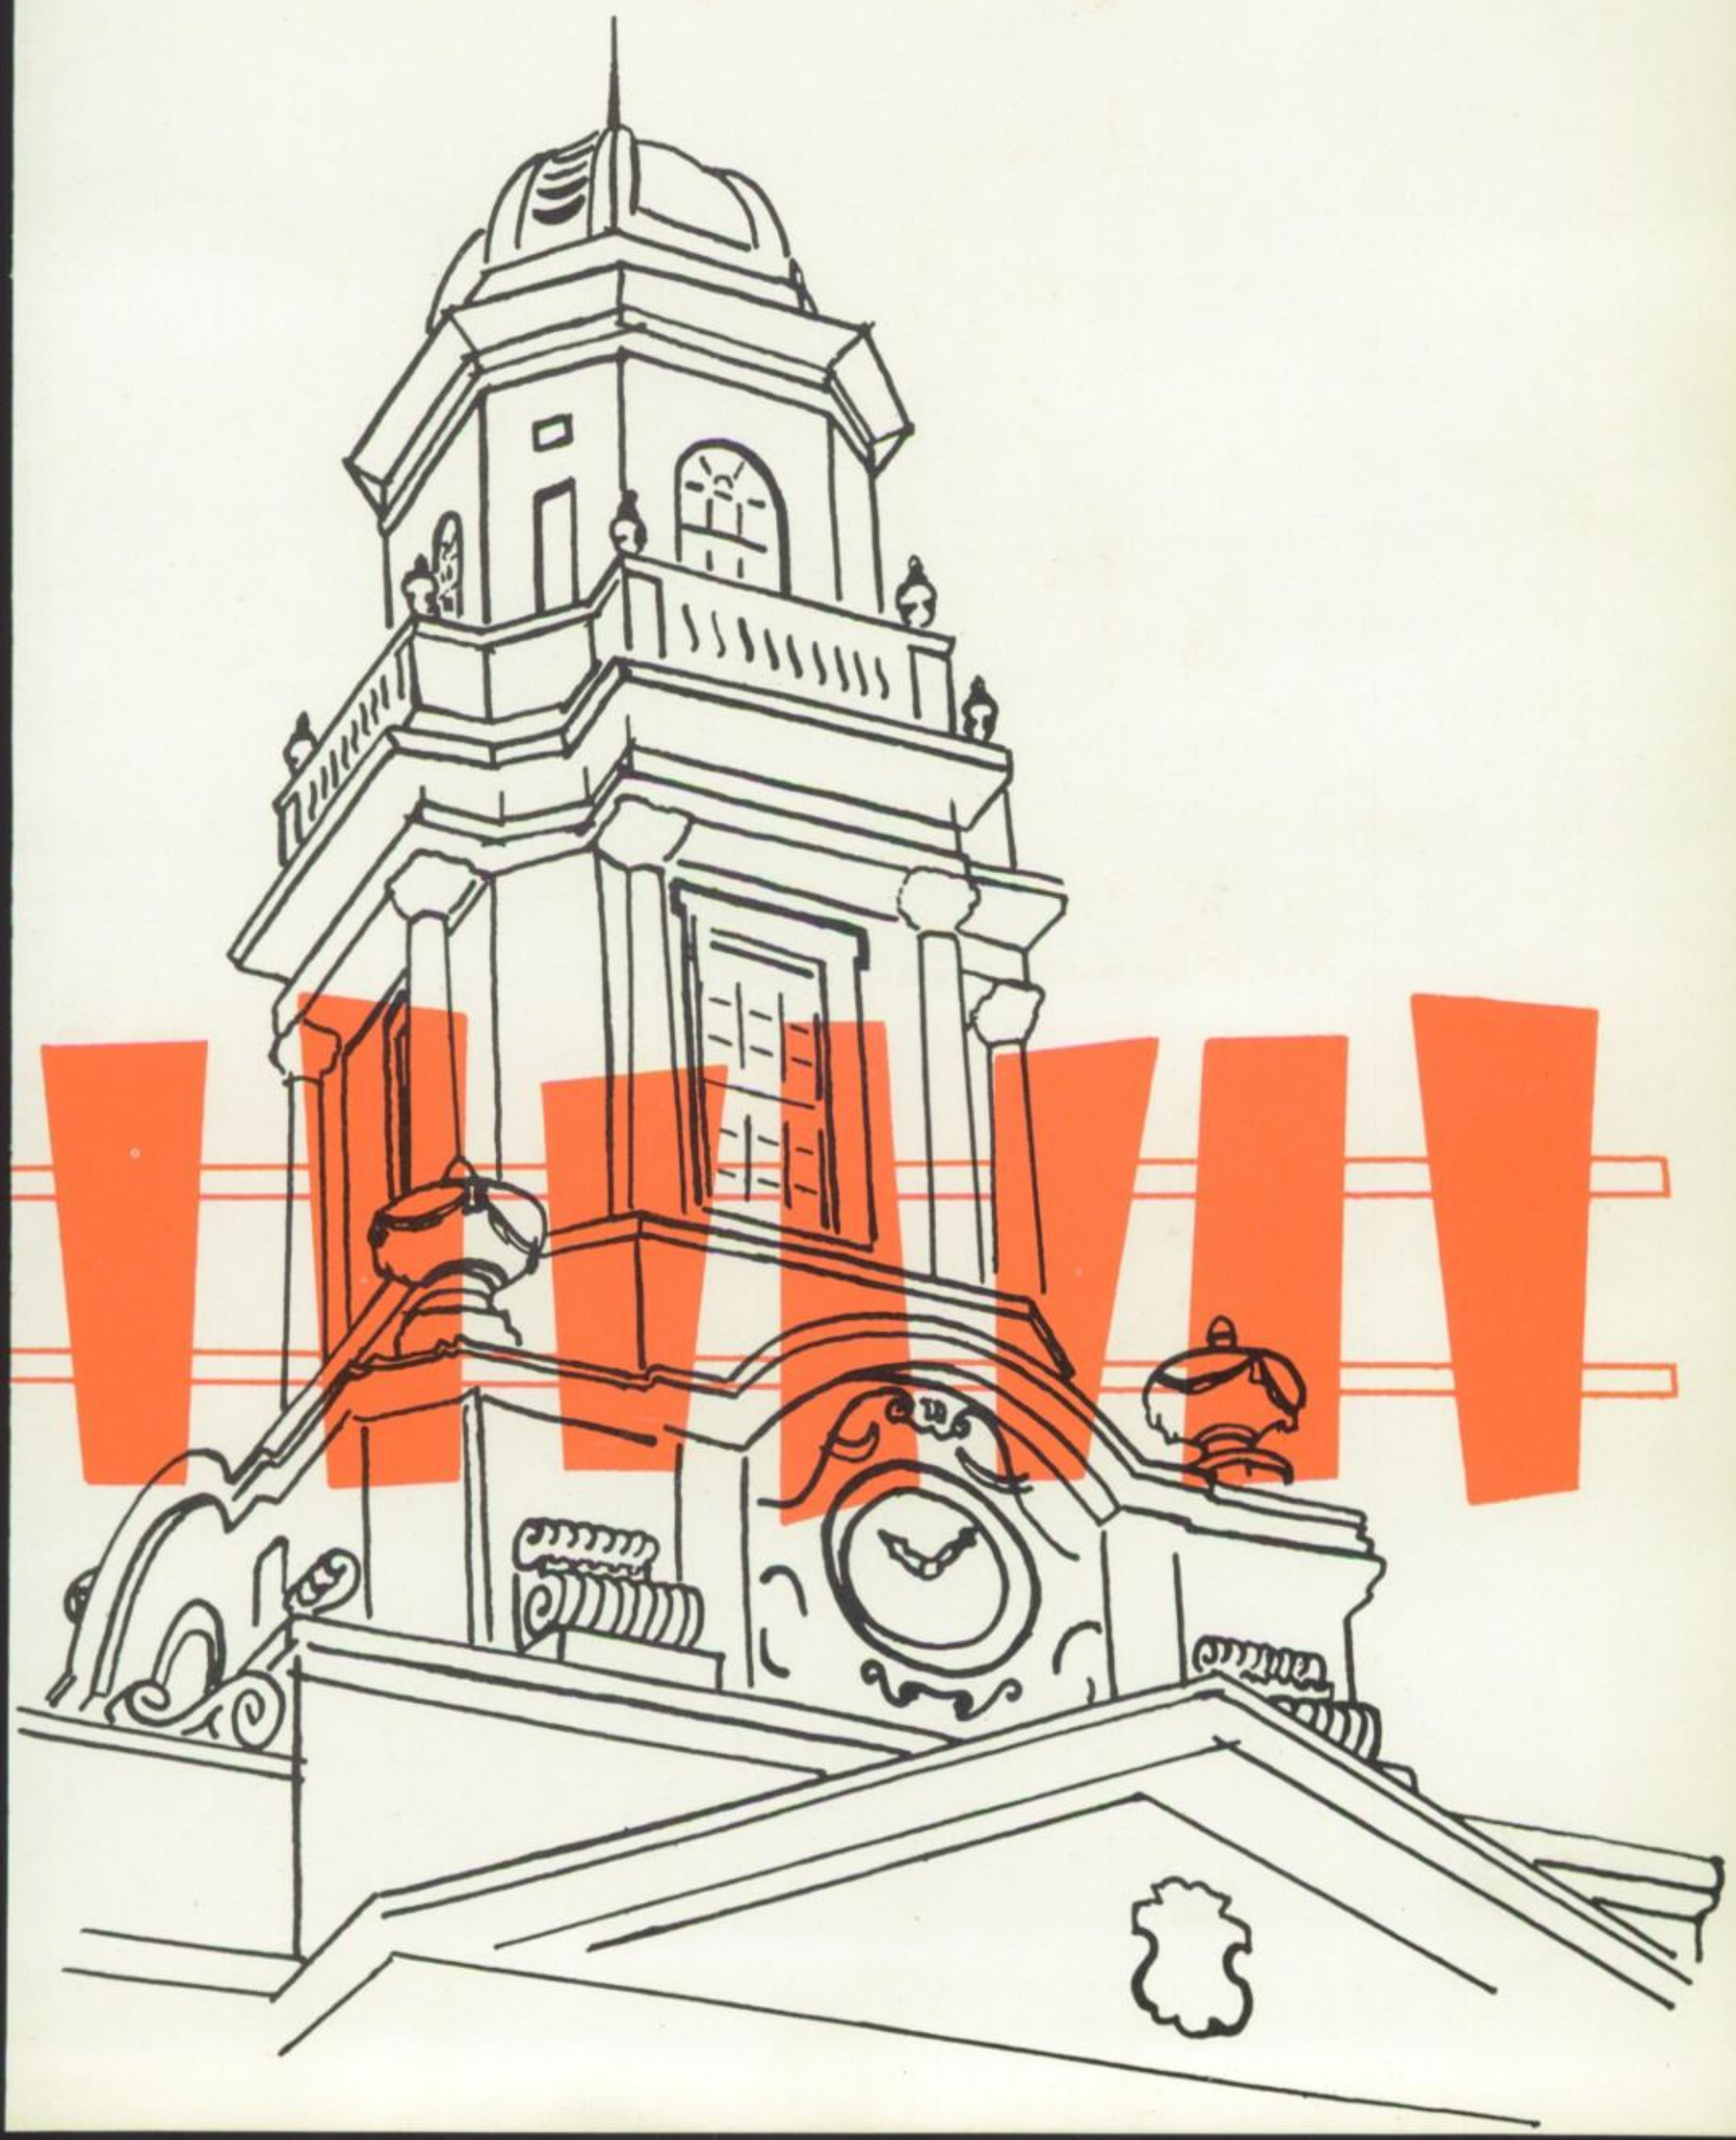
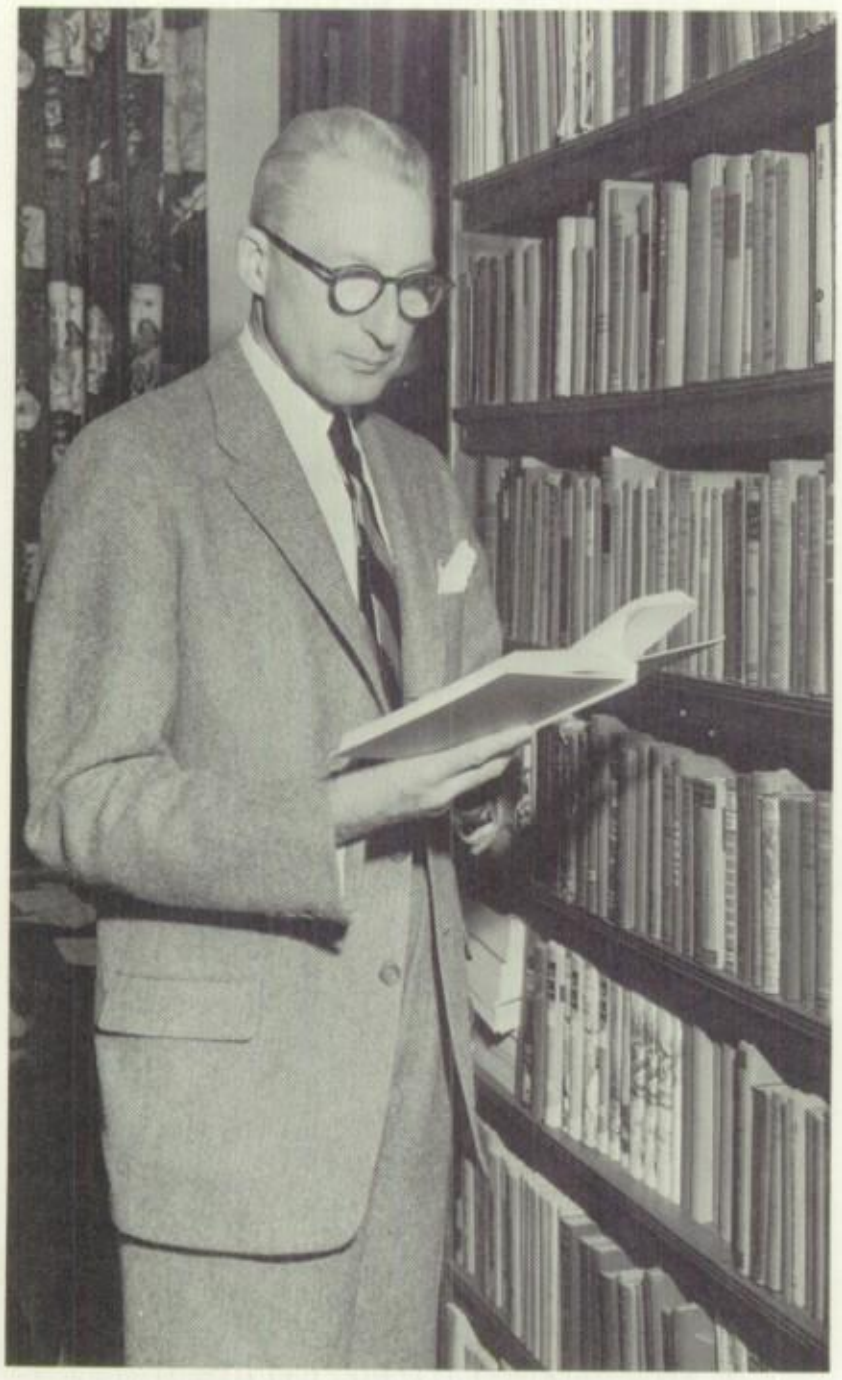
SEWANHAKA HIGH SCHOOL

FLORAL PARK NEW YORK





For having been with Sewanhaka since its founding —
For having guided the formulation of English Department practices —
For having been friend, counselor and spirit of learning to his students —
For having been the very inspiration of a gentleman and a scholar —
We, the class of 1960, with a deep reluctance to let him retire, dedicate this year's Totem to Mr. Walter H. Thompson who has truly "made all the difference" for us at Sewanhaka High School.

Even the Head of the English Department has a little time to relax and read.

Dedication

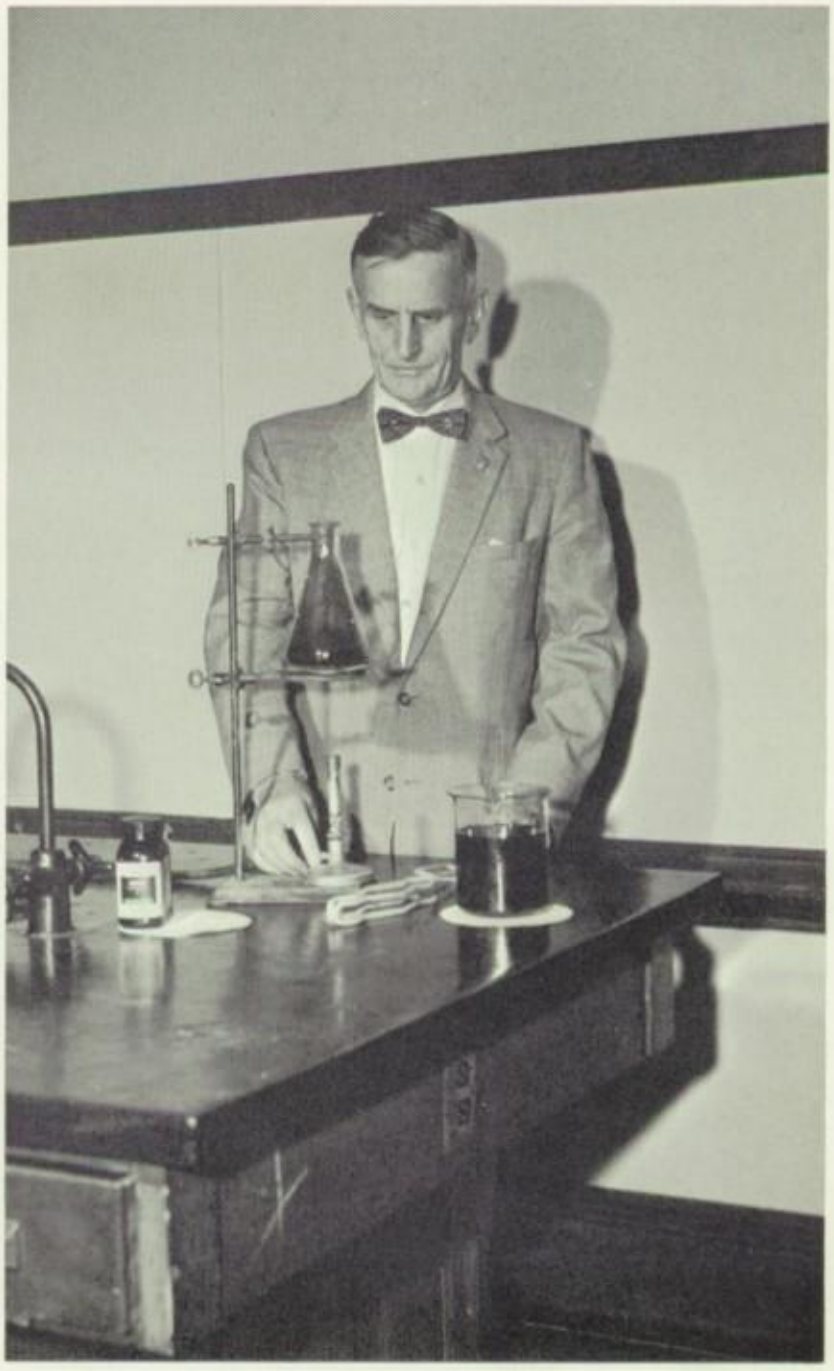
"Mr. Thompson, there must be a way to change this schedule," begs Mr. Jones.

Mr. Thompson and Mrs. Ahlman figure the new strategies for the Radio Department.

"Ah!! Here's the bottle I was looking for."

Mr. Eklund spends his valuable time not only in the Chemistry Lab, but scheduling and planning the whole department.

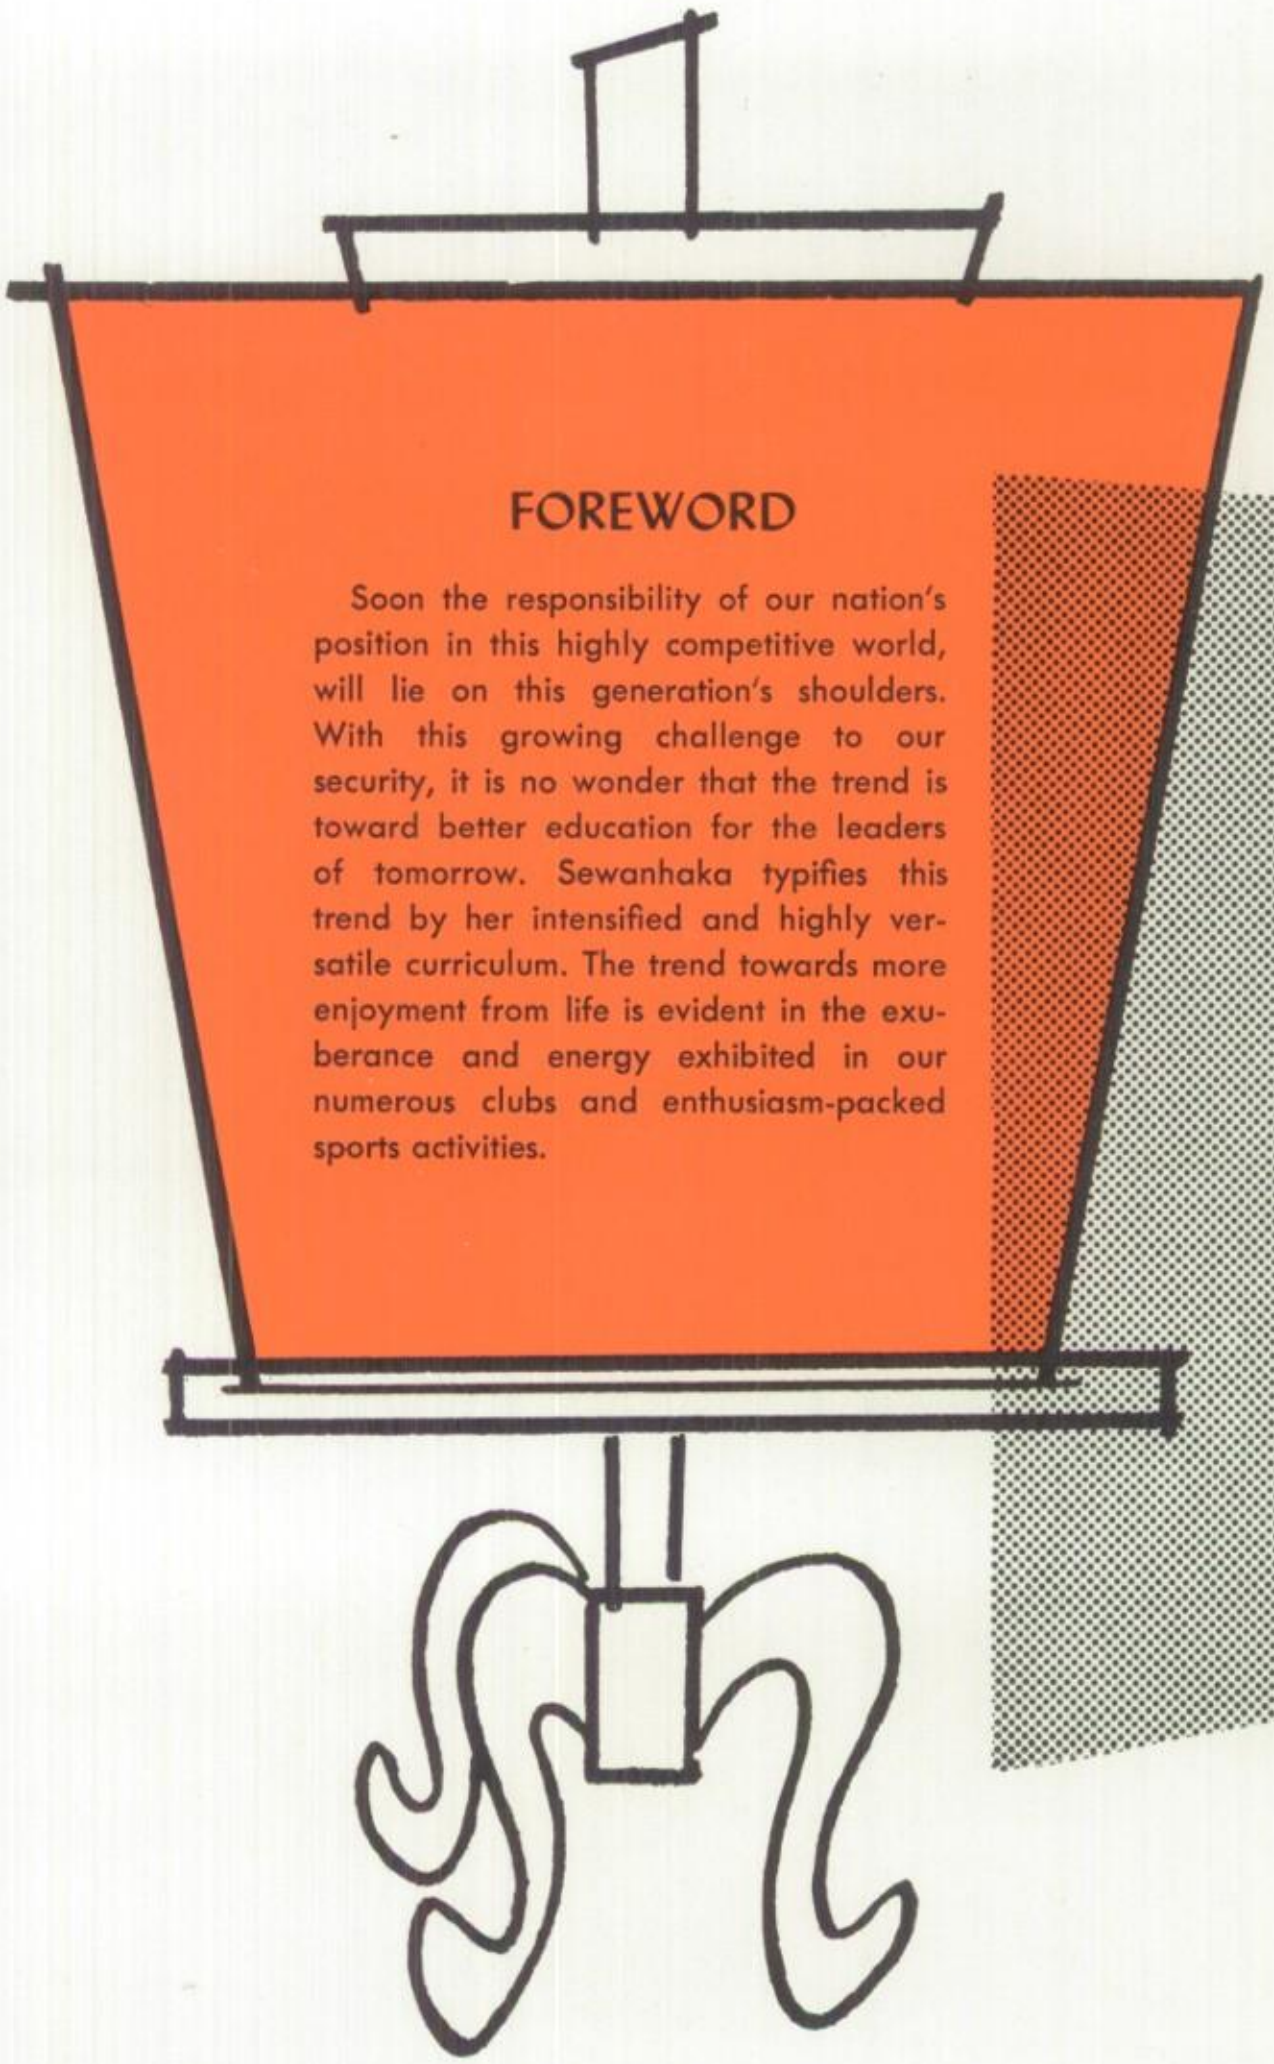
Even department heads do what is closest to their hearts.



Through the life of every school runs the thread of many personalities. From these threads are woven a great institution. Carl Eklund has spun such a thread through the many phases of his career here at Sewanhaka.

Through his inspirational guidance as a Science teacher, Department Head and Coordinator, and as a former advisor to Honor Society and the Senior Class he has become a familiar and pleasant personality, highly esteemed by the faculty and students alike. He has touched every facet in his thirty years of teaching. All who have known him can say —

Here is a man.



FOREWORD

Soon the responsibility of our nation's position in this highly competitive world, will lie on this generation's shoulders. With this growing challenge to our security, it is no wonder that the trend is toward better education for the leaders of tomorrow. Sewanhaka typifies this trend by her intensified and highly versatile curriculum. The trend towards more enjoyment from life is evident in the exuberance and energy exhibited in our numerous clubs and enthusiasm-packed sports activities.

Change is inevitable. No one can dispute that we are living in changing times.

You have been advised to prepare yourself for an uncertain, but a better future. How can you best prepare for this?

Just as you must study arithmetic before geometry, or a football player must learn how to handle the ball before there is any point in teaching him complex plays, so must you build a sound basic knowledge from which to progress. This you have been doing in elementary school and in high school.

All of you, however, must continue your basic education for many more years. Those of you who go on to college will continue your formal education. But whether you continue this or not, all of you must learn much more than you know now in order to lead useful and happy lives.

As you progress, you will find that whether you do or do not learn is your own responsibility. During your school years, regulation, teachers, and parents encourage you to study. Afterward, the need is more urgent; but you must supply the initiative.

As you mature, your main subject should be yourself. Know yourself. Success may be measured in many ways but true success is that which is satisfying to you. Learn your own abilities and shortcomings as well as your likes and dislikes. Try to improve yourself and above all, know yourself. You can adapt to any change.

An Evaluator asks Lois, "What do you think of Sewanhaka?"

Trends of the Future

"Do you have any more questions?" asks Mr. Nordahl of one of the Evaluators.

Dear Sewanhakans,

One of the most important lessons to be learned in today's world is that "change" is inevitable. With change new ideas, opportunities, challenges, concerns and trends. Your ability to accept new changes as challenges and opportunities will largely determine your future happiness and success.

But what are some of these new "trends" which will confront your future? You will face the "Age of Accuracy" — an age of unsurpassed creativity, but creativity dependent upon the greatest accuracy and most meticulous workmanship. You will live in an age of increased leisure from required work — but will face a leisure devoted to personal growth in art, music, hobbies, and the pursuit of a richer, fuller life.

The trend towards better transportation and communication will enable you to visit other lands and people as well as to communicate with them by merely dialing your telephone.

These trends will require a greater use of other languages, a greater understanding of the customs and habits of people in other countries, an appreciation of other cultures and a sense of humility.

I hope that your years in Sewanhaka have been rich in learning, activities, friendships, memories and the background to enable you to accept the challenges of the future with confidence, success and happiness.

Most sincerely,
Robert L. Springer

Mr. Howard W. Nordahl, Principal of Sewanhaka High School.

That which was considered a luxury yesterday is now a necessity. The automobile, T.V., washing machine and dryer, Hi-fi, and other such appliances are some of the evidences of the fantastic industrial development in our country and each plays a part in the changing life of our society.

Many of your parents lived through the depression. They had to bring this country back on its feet and they contributed to our present high standards of living. This was accomplished by hard work and self-discipline.

A few jet-hours away, young people are dedicating themselves to the task of equalling and surpassing the United States of America in its way of life. You will have the responsibility to make the most of the many educational opportunities offered in our wonderful country.

Good teachers always try to motivate their students. I believe the crying need for scientists, mathematicians, linguists and skilled technicians should be accepted as a challenge by the youth of America if they wish to preserve a way of life second to none.

Your school has gained recognition in the educational world as a leader. This position is due to the efforts of a far-sighted Board of Education and a faculty that has always been willing to do that little something extra. If you want to experience the satisfaction of a job well done and to play a vital role in a thrilling age, be willing to do that little "something extra."

Trend Setters

Mr. Purdy and Mrs. Wille look over the day's plans.

Mr. Nordahl dons his chef's outfit to cook for hungry Totem Editors.

"No! No, that's not the answer!" says Mrs. Brosnan.

Dr. Sluszka meets with parents during Open School Night.

The Faculty at Work

Our Totem camera takes a peek into the office of the Building Superintendent where Mr. Place and Miss Fleming are hard at work.

Our three administrators meet with the Turkish visitor.

Mrs. Busch reads a newspaper while on lobby duty.

Mr. Thompson's English class eagerly attacks the day's assignment.

English

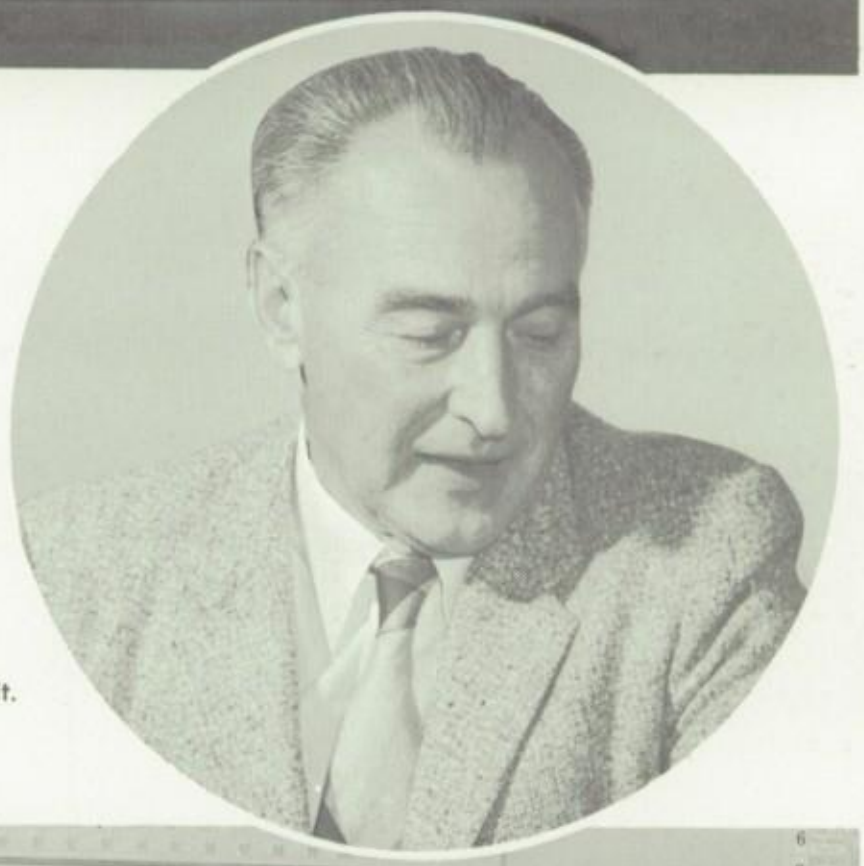
The importance of English may be recognized if we consider how much time we spend daily employing written and oral expression. The development of these fundamental skills in Sewanhakans is the chief aim of the English Department.

Left to right, **ROW 1,** seated: Miss D. Hilkemeier, Mrs. C. Pritchard, Miss C. Brennan, Miss W. Watson, Miss G. Reed. **ROW 2,** standing: Mr. G. Balazs, Mr. W. Thompson, Mr. F. Driscoll.

Mathematics

Mathematics serves as a method of thought aiding many great thinkers who consider all facts before discarding or accepting them. A foundation for abstract thought and the manipulation of various symbols are instilled by our worthy Mathematics Department to the seekers of this sharp, systematic approach to thinking.

STANDING: Mr. A. Anderson, Miss H. Kazdon, Mr. J. Attias. **SEATED:** Miss M. Oestrich, Miss I. Ostrander — District Mathematics Coordinator, Mrs. J. Golde.



The late Doctor Salit.

Science

Long ago men stood ignorantly in awe of surrounding occurrences. Since then reasons for these so-called phenomena have been discovered and many fields of research have been presented tantalizingly. Our Science Department has the job of inspiring us to study and conquer these neglected areas.

Left to right: Mrs. B. Weinberger, Mr. C. Eklund — District Science Coordinator, Mr. R. Padgett, Mr. F. Massey, Mrs. G. Sikora, Mr. G. Hoffmann.

SEATED (left to right) Mr. M. Felt, Mr. J. Enis, Mrs. P. Berglund, Mrs. T. Glazer, Mr. H. Brandt. **STANDING** — Mr. I. Wilder, District Citizenship Education Coordinator.

Citizenship Education

Through the stimulating efforts of our Citizenship Education Department, we are prepared to accept our role as citizens with knowledge that will make us responsible and judicious Americans. A sound background in Citizenship Education enables us to better understand the world in which we live.

Mr. Sedat, seated in his classic pose, lectures to an Advanced Placement History class.

SEATED (left to right) Mr. R. Andrews, Mr. L. Cooper, Mrs. D. Brosnan, Mr. M. McClintock, Mr. E. Sedat. **STANDING** — Mr. I. Wilder, District Citizenship Education Coordinator.

Art

All arts, before they are appreciated, must be understood. The Art Department holds the task of teaching the student to recognize color and design in art. With the recognition of these elements comes the ability and right to discriminate in this medium.

Mrs. R. Backiel, District Coordinator of Art, Mr. Maver and Miss H. Kruger add a new picture to our Art Gallery.

Ed, Vic and Paul work with Mr. Maver on the title page of the yearbook.

Mr. C. Hill, Mr. A. Sherman, and Mr. M. Metz gather round the piano in the Music Room.

Music

Whether a person be an active creator or a passive listener, our Music Department provides us with a variety of material and the education necessary to reveal the beauty of this phase of art. Tremendous satisfaction is the natural result gained from this knowledge.

Choir members blend their voices in song under the direction of Mr. Sherman.

STANDING: Mr. M. Hersperger, Mr. B. Scotland, Mr. W. Irwin, Mr. G. Nelson, Mr. A. Scholl — District Coordinator of Business Education. **SEATED:** Mrs. E. Riordan, Mrs. L. Mahar, Mrs. S. Aronson, Miss M. Lally.

Business Education

To achieve not only accuracy but alacrity is the goal set by our Business Education Department. Our girls, confidently entering into the business world, are much sought after because of these admirable traits they so diligently worked to achieve.

Mr. Koerner, Mr. Teachout.

Special Education

To meet the individual needs of Sewanhakans, the Special Education Department develops to a higher degree the capacity of the student. Sewanhaka appreciates the fine work that has been accomplished in this new department.

SEATED: Miss Iglauer, Miss Mertz, District Library Coordinator. **STANDING:** Mrs. Weiman, Miss Allocco, Mr. Stevens.

Library

An indispensable feature of our library is, without doubt, the competent library staff. Their efficiency is available to all who desire expert guidance in either seeking specific information or mere enjoyment from the vast array of reading material offered us.

Mr. Testro searches for an article with the help of the librarians, Miss Allocco and Mr. Stevens.

Language

Today when world peace is so needed and desired, the study of foreign languages must be considered a potent weapon for achieving this goal. Our Language Department provides for all students the opportunity to read, speak, and comprehend any of a variety of languages.

Industrial Arts — Vocational — Technical

Few other high schools present such a broad comprehensive program as Sewanhaka. Our Industrial Arts — Vocational — Technical Department offers specialized plans of study for students preparing for a future in engineering or industry. Thus Sewanhakans may train for entrance into college and further education or for a vocation after graduation from Sewanhaka.

Boys' Physical Education

The main objective of the Boys' Physical Education Department is to develop socially and physically fit Sewanhakans. By means of careful supervision and fine instruction, this aim is achieved. Courses for students wishing to extend their knowledge in driving and health are also provided by this department.

Mr. Sandgren, in charge of transportation, checks the bus schedule.

Transportation

Through rain, snow, sleet or hail our bus system is always available to those needing transportation to and from school. Those participating in after school activities and sports may also have the privilege of securing a ride from our prompt and effective bus system.

SEATED: Miss V. Gill, District Coordinator of Physical Education for Girls.
STANDING: Miss E. Smith, Miss P. Culp, Miss D. Rehill.

Girls' Physical Education

Our Girls' Physical Education Department labors industriously toward developing healthy girls, who are well-rounded in the field of athletics. The varied sports program includes everything from the instruction of the rough and tumble game of hockey to the mastering of a badminton game with the necessary finesse.

Our cameras take you behind the scenes in the lunchroom.

Cafeteria

Our cafeteria staff has the demanding job of feeding the entire student body and faculty. They do so by presenting a variety of appetizing and wholesome foods. Any meal at Sewanhaka is an enjoyable one.

Sophomore Board

Awe was our first reaction to the brand new world of high school. The walls seemed to burst with students all engaged in different activities. Their busy schedules appeared full to the brim with hilarity, worry, and concentration. After the wonder of surveying the situation confronting us wore off we soon settled down and decided to contribute to and also enjoy the education Sewanhaka offered us. We enthusiastically worked and made our Sophomore Dance and class affairs brilliant examples of what the future years of school hold for us.

Sudden seriousness and boundless energy typify the Junior Year, this year being no exception. Our new awareness of the fast approaching future caused us all to strive even harder to attain top marks; yet we still found time to enjoy a full high school life. The breathless and romantic atmosphere of the Junior Prom, the endless debates over the selection of class rings, and the consistently gay times we as a class had together are all part of the countless memories this year left us.

Even vice-presidents have some power.

Junior class activities are eagerly anticipated.

Senior Board

Colleges, the future, and graduation now dominated the conversation of everyone. As the "heap-big" seniors we didn't cease being the backbone of the school but staunchly continued to support all phases of club activities. We were also quite socially inclined as we sponsored two big dances — the Senior Winter Ball and the Senior Ball, besides playing hosts at several informal record hops. When the milestone of graduation finally arrived, everyone was inclined nostalgically to reminiscence over the unforgettable experiences of our very full three-year stay at Sewanhaka.

Honor Society

It is a privilege and an honor to be accepted into the National Honor Society. Members of this organization represent Scholarship, Leadership, Character and Service at Sewanhaka. It was far from a year of all work and no play, however, as we enjoyed the convenience of our newly acquired "lounge" and supervised the traditional "jail" at the Student Council Bazaar.

Second period is the busiest period in our Honor Society Lounge.

Area Council

Area Council is composed of representatives from each Hi-Y in the district. We discuss ways of improving our individual Hi-Y's program and participate in Hi-Y activities on a county-wide and state-wide level. This year we sent representatives to the annual Youth-in-Government Program at Albany.

Projectionists

Visual aids are a valuable supplement to classroom education and play an important part in Sewanhaka's curriculum. The Projectionists render Sewanhaka's students an important service by operating the school's visual aids equipment at the request of a teacher. It is also our responsibility to maintain the equipment.

Future Teachers of America

Leadership, scholarship and character are assets in the hands of a future educator. All members of the Future Teachers of America have one trait in common — the desire to develop these possible assets to their capacity.

History Honor Society

History is made by the minute in this complex and ever-changing world of today. We of History Honor Society strive to learn as much as we can about current events through lecture, discussion and interesting excursions. Our club is both beneficial and exciting to the members.

Future Farmers of America

The Future Farmers program at Sewanhaka is one of the few such organizations on Long Island and one of the largest in New York State. Citizenship, cooperation and preparation for an agricultural future are the objective for which they have successfully strived. Our future agricultural leaders have gained practical experience working on Sewanhaka's gardens and vegetable plots.

Future Nurses of America

The ambition of the members of the Future Nurses Club is not to become a nurse but to become a capable and an efficient nurse. To learn competence in our chosen profession we all participate in a first aid course and visit various nursing homes and hospitals.

Scribes

Speed and accuracy, the keynotes of a good secretary, are skills we try to develop. Membership in our club is open to all second year shorthand students. Our activities include a field trip to an insurance company, which is financed by our participation in the bazaar and the selling of Christmas cards.

Girls' Service League

The Girls' Service League is virtually the hardest working club in school. Whether papers need filing, cards need stamping or hall duty needs to be filled, the job is never too large to gain the attention of these startlingly efficient gals.

Ticket Committee

Every year the Ticket Committee has the responsibility of having thousands of dollars pass through its hands. Selling and again collecting tickets for our social and athletic functions, it helps Sewanhaka to prosper financially as well as in school spirit.

Junior Red Cross

The Junior Red Cross is one of the most active service organizations at Sewanhaka. Our aim is to help those in need by aiding the Red Cross in any way possible. Packing gift boxes for others in foreign countries and learning first aid and bandaging techniques took up much of our time.

Artsmen

Paper, paste, imagination and artistic ability all help in the creations of the Artsmen. Posters, Mobiles and Bulletin boards are only a few of the many responsibilities we undertake. The selling of Indian feather hats and bow ties at the Student Council Bazaar and our annual field trip to Freeport, sketching the countryside, help to round out a busy schedule.

Artsmen Diane and Barbara along, with the other members, are in charge of putting up displays.

Eddie and Bob help the 1960 TOTEM meet its art deadline.

Home Economics Club

The Home Economics Club is primarily interested in learning the arts of cooking and homemaking. The services of these domestic girls are rendered at dances and teas so all can savor their mouth-watering concoctions.

La Femme Beauté

Hair styles, methods of beauty treatments, and good-health rules are favorite topics of conversation among the Beauty Culture Club gals. Since appearance is so important in the impression a person makes, these girls are valuably spending their time toward developing their skill in attaining a neat and attractive appearance.

Library Club

Since the library is such a busy place, the library staff is happy to accept the assistance of the energetic library club. Dozens of odd jobs pertaining to the upkeep of the library is placed in the hands of all students wishing to extend their service to the school.

Weather Station

Everyone talks about the weather, but few people really know very much about it. The Weather Club gave Sewanhakans the opportunity to extend their practical knowledge in this interesting subject. Although only recently devised, this club has received school wide recognition due to their unusually successful daily weather forecasts.

P. A. Club

"Maybe it'll work this time," says Artie to Leroy.

All Sewanhakans are proud of the fact that we have our own radio station, WSHS-FM. It is operated by the skillful and hard working members of the P.A. Club. In addition to the radio broadcasting, students of this club are behind the scenes at assemblies, social events and home football games.

Radio Guild

Three! Two! One! Zero! You're on the air — meaning a competent member of the Radio Guild, of course. We broadcast four hours of every school day, including sporting events, concerts and dances. Keeping WSHS, the Voice of Sewanhaka, running smoothly gave us a chance to gain experience and put our knowledge to use on a semi-professional level.

Amateur Radio Club

Are you interested in obtaining a ham radio license? The training and experience which is necessary for procuring such a license is provided by the Amateur Radio Club. Members learn the elements of amateur radio through the operation of Sewanhaka's ham radio station, W2ZOT.

Chemistry Service Society

The Chemistry Club provides interested students with the opportunity to further their abilities in Chemistry through laboratory experimentation. For convenience, our members are scheduled in small groups where individuals may work together on topics of similar interest. We became proficient at using the laboratory equipment which we have access to and had an interesting time conducting experiments.

Astro-Physics Club

Members of the Astro-Physics Club deal with the ever-expanding field of science where nature's countless unsolved mysteries attract the curiosity of man. Our greatest thrill comes while scanning the heavens through our ten inch telescope. We promote interest in science by attending lectures, planning field trips and creating unique displays.

The Jets

The Jets, future engineers of our country, accomplished much in quest of their goal, that of scientific achievement. Their projects include the construction of a portable transceiver, an audioconsole and an oscelloscope. Weekly meetings are highlighted by lectures and discussion on interesting topics.

Photo-Stills

We attempt to perfect our knowledge of photography by frequent practice. Our cameras and skills are at the disposal of the Totem and the Chieftain and our work fills many of the display cases. By covering all sporting and social events, we provide Sewanhakans with a pictorial record of their activities.

X-Ponents

Our concern is mathematics; our motto is accuracy. We give Sewanhakans a chance to develop a deeper appreciation for and greater understanding of this fascinating subject. X-Ponents encourages members to continue their studies and pursue careers involving mathematics through speakers and numerous field trips.

Math Forum

Math Forum represents the knowledge of Sewanhakans in mathematics. Through lively discussions and informative lectures we try to stimulate interest and develop our skills in mathematics. Math Forum enables its members to test their knowledge against students of the same level in interscholastic mathematics competition.

Los Jovenes

Being linguistic in Spanish is the only requirement for participation in our Spanish Club. Our considerable part in the Mardi Gras Ball, the Spanish movies and restaurants we attended and the booth we sponsored at the Bazaar are all part of the crammed-full schedule we follow.

Latin Club

Our club maintains interest in Latin through our many activities, including field trips, lectures and slides. We study Roman culture, which has made important contributions to our culture. For Purple and White Week we wore scrolls written in Latin and participated in the bazaar.

French Club

Parlez-vous francais? If so the French Club is the club for you. A trip to a French movie and restaurant is our idea of a fabulous time. Several such field trips are planned for each year's activity for the improvement of our French Cultural background.

German Club

Studying German this year? If so, you are eligible for membership in the German Club, a cultural and social organization, concerned with promoting interest in German and giving you the opportunity to learn about German customs, music and folklore. Highlights include guest speakers, and films of the German countryside.

Eonacs Co-Y

Eonacs provided a needy family with a Christmas basket as a service to our community. On October they sponsored the successful Soc Hop, and at the Student Council Bazaar presented a flour throwing booth. A popular organization, Eonacs promotes friendship and cooperation while achieving its goals.

Never tiring of fun, Eonacs members have found another place to congregate.

The new way to have a meeting!

Richie Orr, Treasurer of Eonacs Co-Y, shows off his strength to fellow members.

Yorker Club

If you agree that travel is a synonym for excitement, then join the Yorker Club. Our journeys include everything from excursions and plays in New York City to a trip to West Point. Our members not only experience the romance of traveling but the joy of giving as we compile a scrapbook each year for the benefit of an orphanage.

Maybe Joan's and Andy's spin will be the lucky one.

Sachem Players

The ability to convey emotion and action through the stage is an exciting talent to acquire. By constantly practising and performing, the Sachem Players acquire this ability. Consequently the Sachem Play given annually by our fellow thespians is always colorful and fast moving drama.

Bob Couillard (alias Mousey), Papa Gerry and Kevin (just plain Bill), take a last minute look at the script.

Iota Beta Hi-Y

The active Iota-Beta girls not only annually sponsor the marriage booth at our Bazaar, but also compile a basket for a needy family every Christmas. These industrious girls also sold tiny bunnies on Easter and Carnations on Valentine's Day to many an appreciative Sewanhakan. As a reward for all their endeavers they enjoy seeing a play every Spring.

Varsity Band

Our Varsity Band, the spirit of Sewanhaka, display their amazing versatility by the wide variety of music they are capable of playing. Jazz, marches and symphonies are all among the repertoire of these rhythmic and dedicated musicians. Their talents are exhibited annually at the Christmas Concert, Jazz Concert, Spring Concert and all football games.

Aeolians

We Aeolians are a happy group, deriving our pleasure from the joys of singing. At our performances, our main objective is to pass on this happiness to the audience. Through the Sunday afternoon concerts and the Spring Concert, all can ascertain that we have practiced faithfully to produce effective programs.

Aeons

The masculine voices of the Aeons boisterously vocalizing ring through the Music Department for all to hear. As a new group, they have the fresh enthusiasm so necessary for singing; yet they possess enough background in music to utilize this enthusiasm skillfully and enjoyably.

Rockettes

Precision, beauty and just plain vigor are needed in order to be a full fledged Rockette. Her performance at all football and basketball games adds that certain spice to these events. Cheerleaders

Adding to the excitement of every game are the lively eleven jayvee cheerleaders. Coordination, long practice and skill help make these girls the efficient squad they are at assemblies, rallies and games. One of their favorite cheers to boost school spirit was:

Cross Country

These are the Sewanhaka boys with spirit! Coach Jim Fraley's Varsity Cross Country men have gone through another undefeated season, earning their eleventh championship in twelve years. Their record attests to their earnest efforts and the ability of Mr. Fraley, "the Coach from Kansas."

Track

There it goes! Another great distance achieved in the shot-put and discus throw by Jim Fraley's men. Once again, a fine showing and top honors have been won by Sewanhaka's Varsity Track Team. We are sure the same efforts will bring a similar result for years to come.

Varsity Lacrosse

Lacrosse, the vigorous sport of the American Indian, has been, through the years, one of THE sports of the Sewanhaka Indian. This year again, the fine spirited play of the Sewanhaka Varsity Lacrosse Team has brought them continued victory. Mr. William Ritch coached these boys to another county championship.

J-V Lacrosse

Under Coach Andrews, this year's J.V. stickmen have been learning lacrosse fundamentals fast and playing hard in hopes of a Varsity position next year. As the weeks go by, these boys steadily improve. One can easily see this by their many successful scrimmages.

Varsity Basketball

A good combination of experienced players from last year's varsity team and new blood from last year's J-V team will give Coach Ed Carter what he hopes is a winning team. A few more six-footers, Mr. Carter feels, will add immeasurably to the team's strength and will help them maintain Sewanhaka's fine basketball record.

J-V Basketball

The J-V players constantly practice to earn a varsity position. Practice brings perfection and that is what Coach Jim Fraley wants. This year's J-V Basketball Team is learning the fundamentals of teamwork as well as the fine techniques of basketball. When this season is over our league will know that they have played Sewanhaka.

Varsity Football

The fine fighting spirit shown by our Varsity Football men has been reflected, this year especially, by many loyal fans. Coaches Resnick and Askinaski have instilled in Sewanhaka's eleven a "never-give-up" attitude which has certainly been evidenced on the gridiron.

J-V Football

While turning in a commendable season record, Sewanhaka High School's J-V football men have been perfecting new plays and gaining valuable experience. There will be many new stars on next season's Varsity Squad and we can rest assured that Coach Ritch's boys have the spirit, desire and will to continue winning.

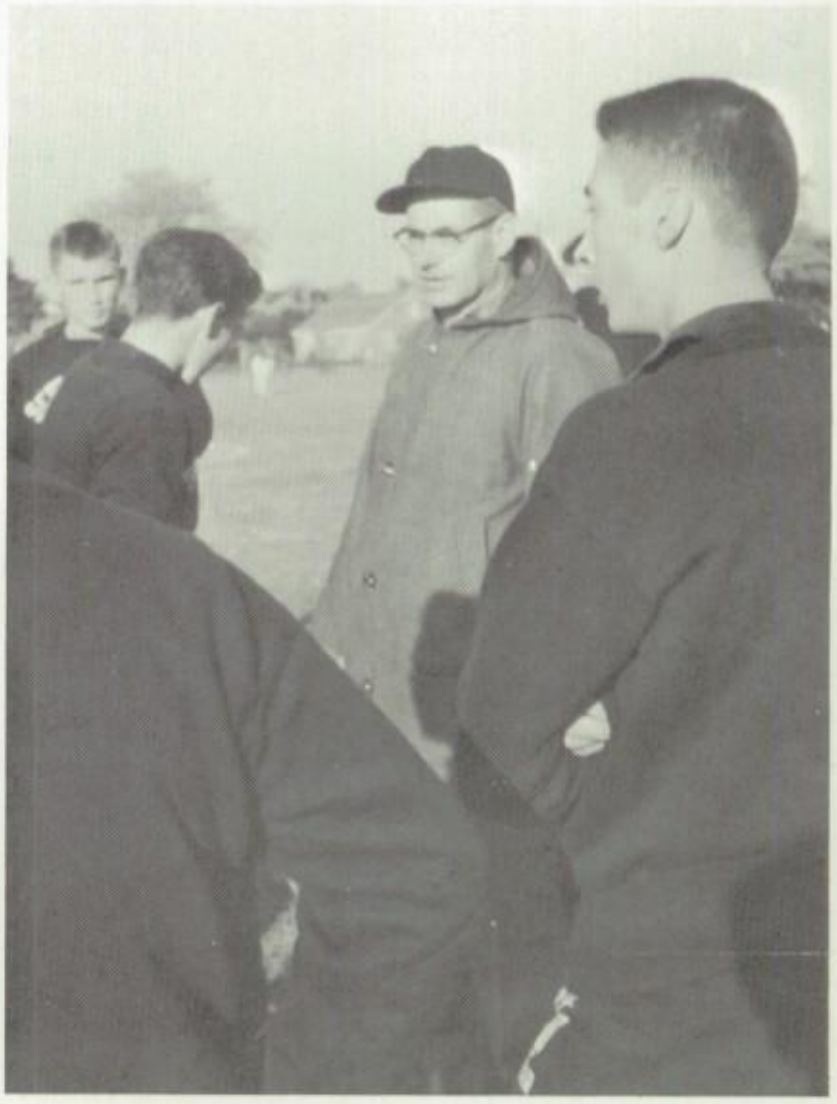
Schwartz, Garypie, J. Vetter, Pfister, K. Backman, C. Falkiner — Coach.

Soccer

Coach Carl Falkiner would like to see more sophomores out for this very successful SHS sport. He emphasises the fact that there is always room for a new man with latent talent that only practice will bring out. Although stripped by graduation of many experienced players, Coach Falkiner led the Varsity Soccer Team to fine results this season.

A Soccer player boots the ball to an anxious team mate.



Mr. Falkiner gives his team a few last minute tips before the big game.

Baseball

Coach Ed Carter lost many of his outstanding baseball players via graduation but that didn't stop these spirited Varsity Baseball men. Through increased efforts Sewanhaka's nine finished with a respectable record. Coach Carter would like to see many new faces at tryouts this spring so that the team may enjoy even greater success in the coming season.

In a blur of action, Captain Andy Pollack returns a serve.

Tennis

Tennis is a comparatively new "racket" at Sewanhaka High School. Despite the team's lack of experience their agility has enabled them to make numerous highly-skilled plays this season and they have exhibited excellent teamwork. Mr. O. Perucci is the able coach of this group.

ROW 1: Left to Right: D. Kershaw, J. Baiernfrind, A. Pollack — Captain, S. Director, K. Ehrlick, G. Thompson, P. Norris. **ROW 2:** W. Fitzpatrick, M. Reiter, Mr. O. Perucci — Coach, W. Makofske, R. Sandman, B. Egenoff, H. Lieberman. **ROW 3:** D. Hantman, L. Sturtze, C. Hendrickson.

"What do you mean you can't get your fingers out?" says wor ried coach.

Bowling

"The first thing to learn about bowling is how to make excuses." Last year Coach Falkiner's Varsity Bowlers had a disappointing season, but this year no excuses have to be made. At present, they are in the thick of the fight for the top of the league.

ROW 1: Left to Right: E. Marquez, E. Loud, D. Panzica. **ROW 2:** C. Falkiner — Coach; C. Schaefer, G. Filippi, V. Haviken.

Golf

Sewanhaka's swinging group went a long way last season. Coach Falkiner brought his Varsity Golf Team very near the top of the league. Coach Falkiner hopes that our Indians will swing their clubs in pro fashion in this season's competition.

ROW 1: Left to Right: A. Passamonti, G. MacDonald, E. Schlavis, J. Hawkins, J. Ebert, P. Grote, D. Vaccaro, S. Bouton, V. Zagari, C. Vance, P. Kessler, R. Smith, I. Classen, C. Trupiano, J. Eimer, C. Denfield.

Hockey

The SHS offense rapidly runs up the field! There are a few quick passes from one player to another, a shot, a block, another shot and it's in! Another point for Sewanhaka High School's girls' Hockey Team! In inter-school competition, they had an impressive season record.

Archery

Archery at Sewanhaka High School has enjoyed great popularity. Many girls over the past two years have been enjoying the sport through their physical education classes. The straightest shooters make up the SHS Archery Team, which would be a formidable foe in any league.

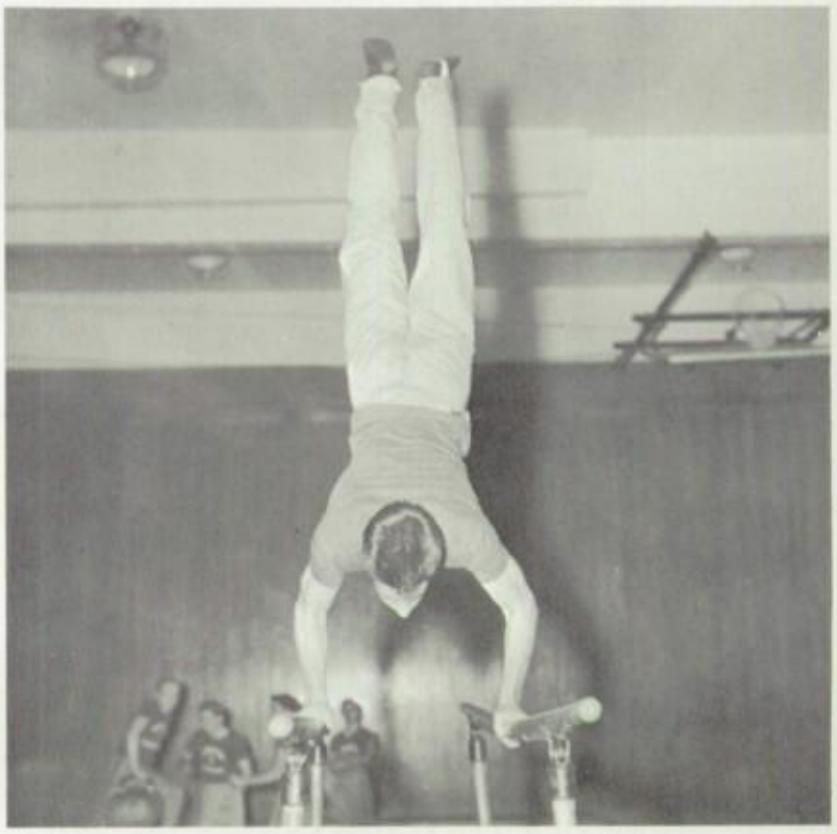
Boys' Leader Corps

The Boys' Leader Corps has become an integral part of the Physical Education Department. A big assist is given to the gym teachers when these boys take over classes. They teach basic skills, teamwork, and above all, sportsmanship. They also entertain us with excellent gymnastic shows several times throughout the year.



Leader Corps member Dick Marino takes a new slant on life.

Stu Dickman practices his flying lessons!

"Forwards get ready to 'spike that ball!' "

The Leader Corps gym class listens attentively as Miss Culp explains some new volleyball techniques.

Girls' Leader Corps

Girls who are outstanding in leadership and who show extraordinary ability in sports may become members of the Girls' Leader Corps. In addition to assisting the gym teachers in classes, they officiate at hockey and volleyball games. They participate themselves on the various honor teams.

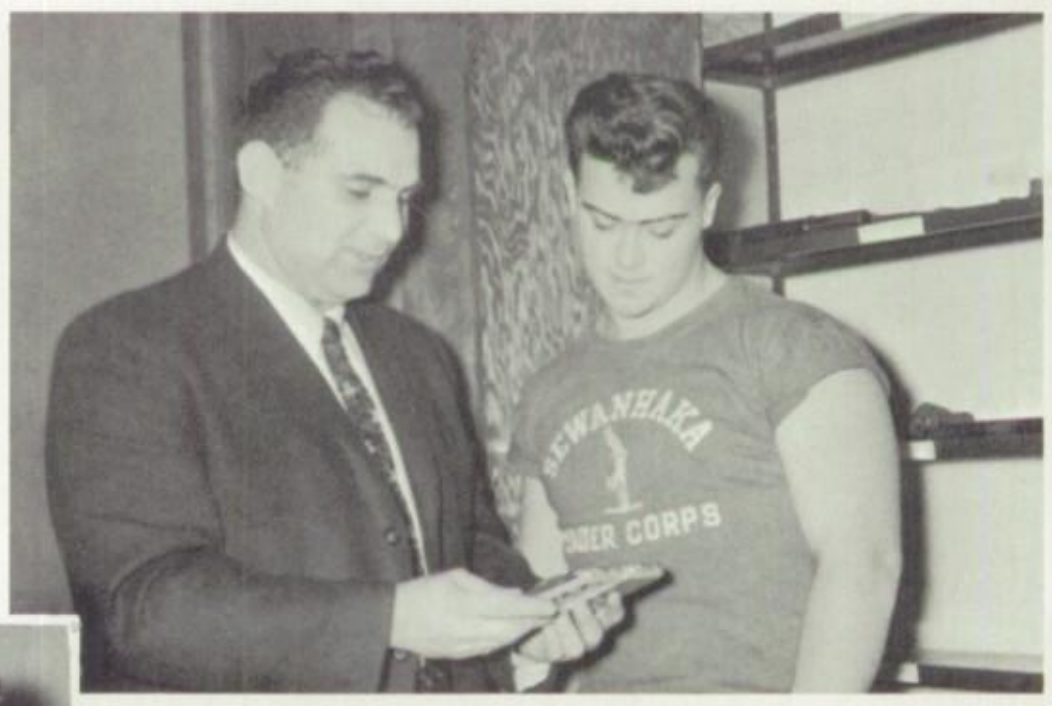
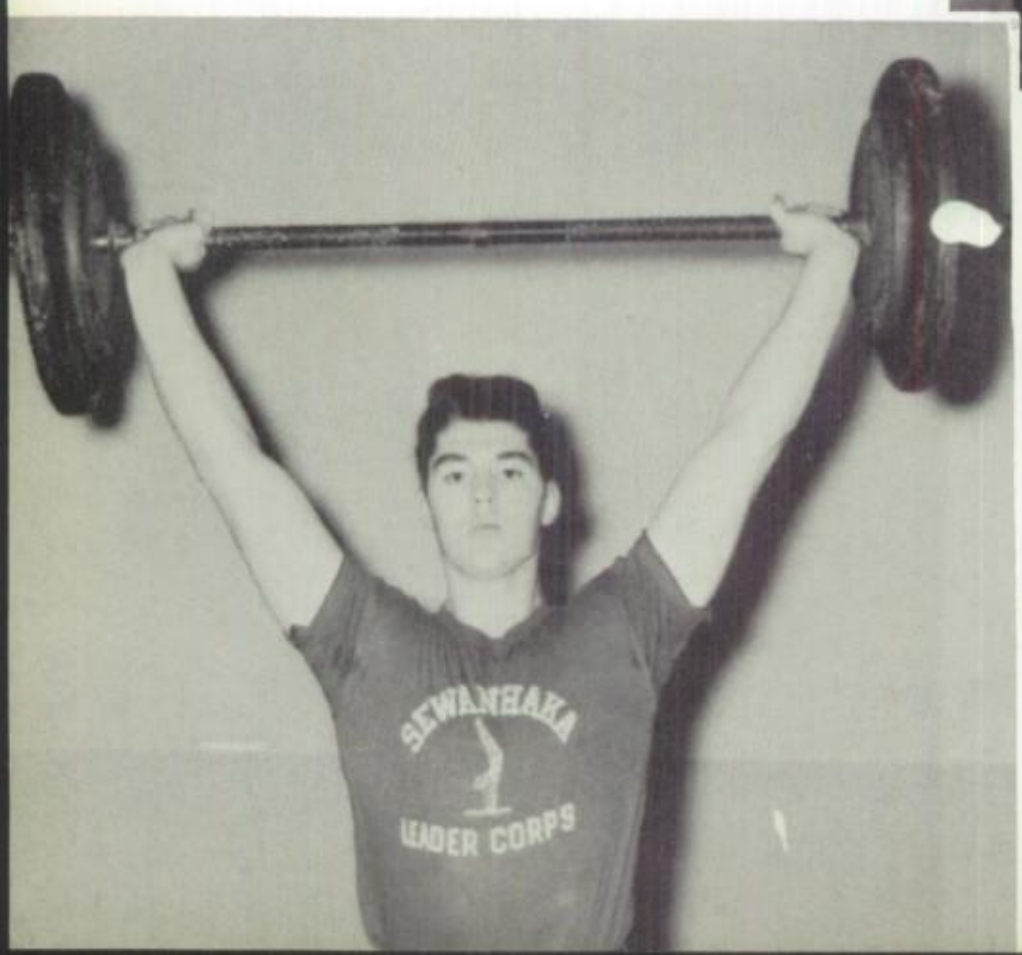
Weightlifting

Oof! Grunt! Pant! These are the noises that can be heard from the Weightlifting room as these fellows constantly build themselves up to lift greater and greater weights. Under Coach David Askinasi, Sewanhaka High School's Weightlifting Team has gained recognition through many outstanding showings.



Mr. Askinasi confers with George Vincent, one of his weight lifters, on new records.



Fred Phillips easily lifts this heavy weight.

Varsity Club

Sewanhaka's sportsmen have joined together this year as a service group with Coaches Jim Fraley and Ed Carter leading the way. Among the numerous services they have performed were the sale of ice cream at home athletic events and the checking of the student parking field.

John sells candy to hungry spectators.

I Remember . . .

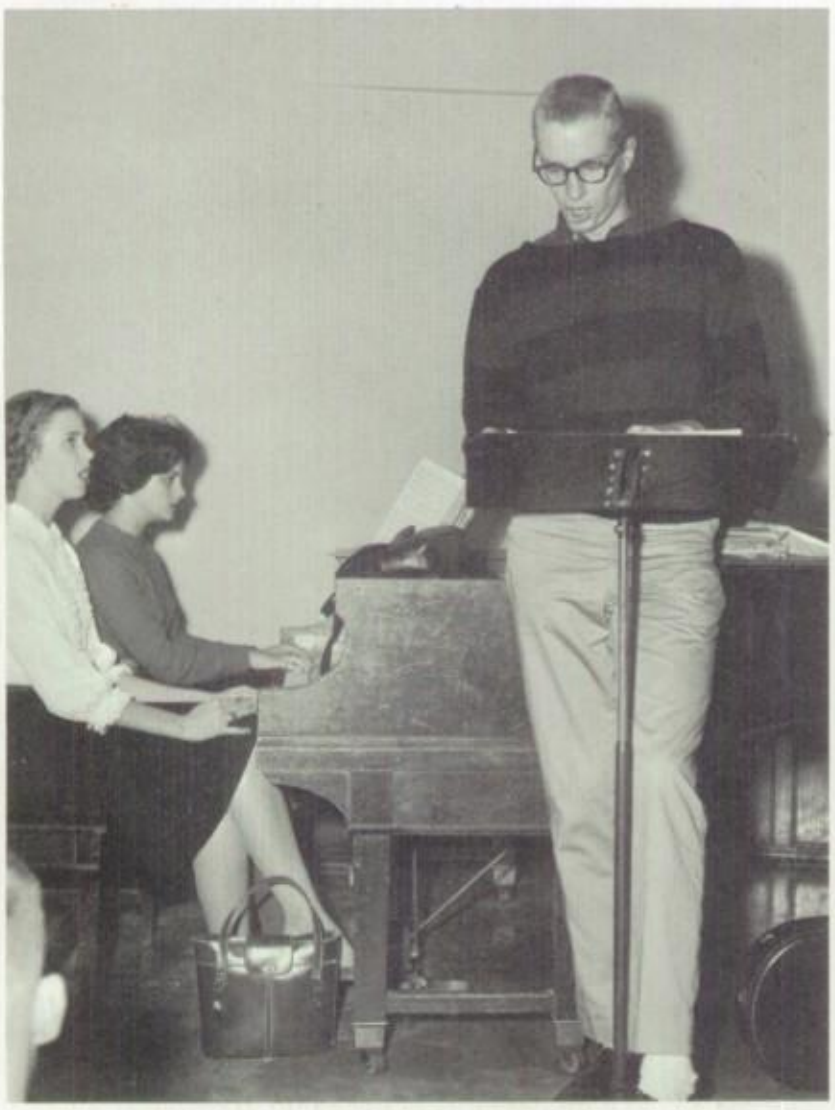
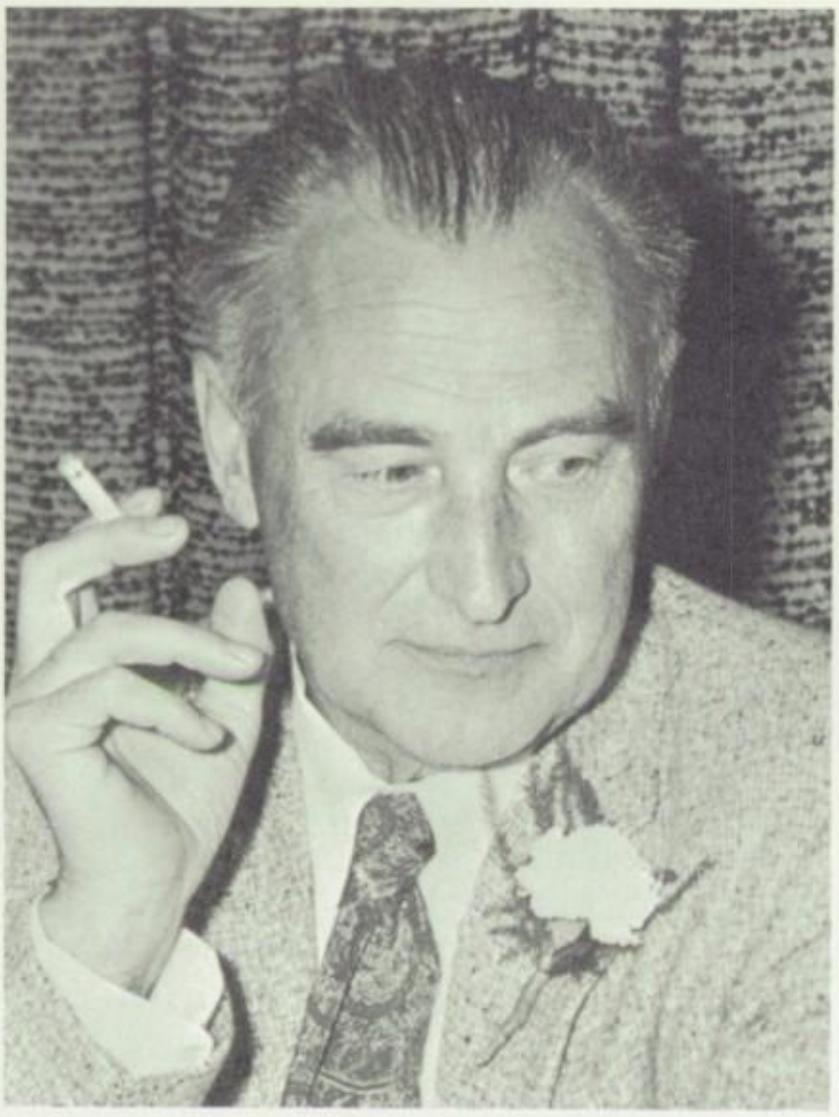
Every eighth period finds Don Lasko, Choir's president, and Idee and Carol hard at work.



"There's always room to work up here," says Dick to Sue on one of those crowded days in the Totem Office.



In Memoriam

Dr. Charles Salit faithfully served as a member of the Sewanhaka High School faculty for twenty-eight years as a mathematics teacher, and at the same time gave inspiration to his fellow teachers and to his students. He displayed outstanding ability in the teaching of advanced mathematics to hundreds of college-bound students. He was the first faculty sponsor and advisor to the National Honor Society Chapter. He was always regarded as a genuine scholar in mathematics as well as in the humanities.

The entire student body of Sewanhaka High School takes this means of expressing their deep appreciation for the fine work and efforts of the late Dr. Charles R. Salit in carrying out his duties since September, 1931.

In Memoriam

Robert William Hummel was born on May 9, 1941. In 1956, he was graduated from Belmont Boulevard Elementary School. In 1957, he began school here in Sewanhaka. Robert was taking a course in Auto Mechanics. He had planned to go to an advanced Auto School after graduation. He died in June, 1959.

Rosemary Passannante

Raymond Fox

Susan Mildner

Senior Hall

ROSEMARY PASSANNANTE

Seriously determined, versatile and endowed with a sweet, appealing manner — admired by all —always a lady and a scholar — her quiet leadership was displayed during her presidency of our Junior and Senior classes — both athletically and artistically inclined — Student Council, Honor Society and Leader Corps are among her vast array of activities.

RAYMOND FOX

Outgoing, talkative and a typical extrovert — a success at the art of acquiring friends easily — always on the go and involved in a chaos of activity — reflects his efficiency and industrious nature as an outstanding leader in class affairs and as the TOTEM Advertising Editor — can nimbly dance any step from the Tango to the Charleston.

SUSAN MILDNER

Neat, petite and sweet — a born leader — always on the go — outstanding scholarship earns her the respect and admiration of all — shows her efficiency and originality as chief of the TOTEM — stimulating and witty, there is never a dull moment with Sue nearby — has what it takes to succeed in whatever she does.

BARBARA PURDY

Poised and radiant, with a friendly, invigorating smile — distinguished by a gracious personality which wins the confidence of all — talented, versatile and full of life — displays her avid interest and ability in a multitude of activities — Literary Editorship of the TOTEM, membership in Seminar and Honor Society the result of her conscientious nature and initiative.

ROBERT SINGER

Unslackening drive and boundless energy — inevitable success — ever fascinated by the pursuit of knowledge — well-liked for his intent and interesting personality — always an individual — Weather Club, Math Forum and Senior Seminar claim much of his time — sincere, unassuming, a genuine person — science and math are his consuming interests at present.

LINDA SPEDICK

Friendly, vivacious and full of fun — always understanding and sincere — never too busy to help someone else — characterized by a peppy personality and a cheerful nature — an intent worker — contributes to Choir, Honor Society and TOTEM as its reliable Feature Editor — her assets all point to a successful teaching career.

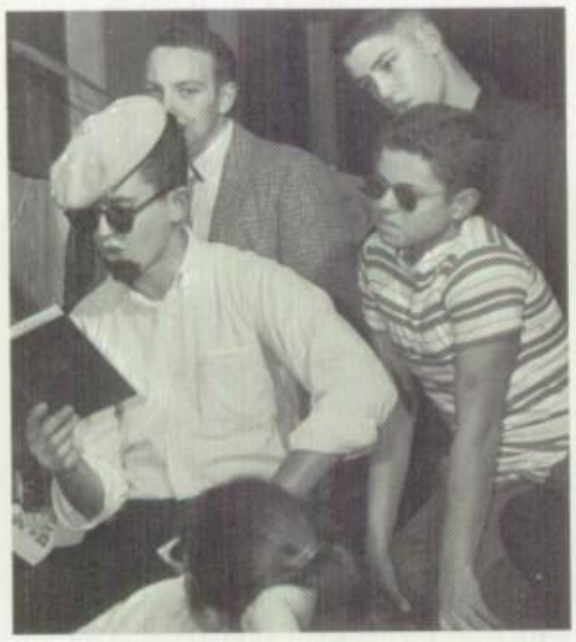
Soph Hi-lites

" 'Sophomore' means 'a clever phony,' " quotes Mr. Sherman to Harry, Karen and Linda.

Mr. Doolittle checks the schedule of assembly programs with Harry and Dorothy.

Man, that Sophomore Class is "way out"!



Harry reads some "real gone" poetry to appreciative beatniks.

The puzzled intellectuals of the Sophomore Class.

Bob and Mr. Barbieri work on a speech for the next assembly.

Juniors call an impromptu meeting.

Junior Hi-lites

"I don't care what the dictionary says," insists John to Karen and Harry.

Having fun, Barbara?

Blanche, Betty and Pat pause to admire a painting in the Art Gallery.

Pat, Millie, and Margaret are having troubles. Think you can match them?

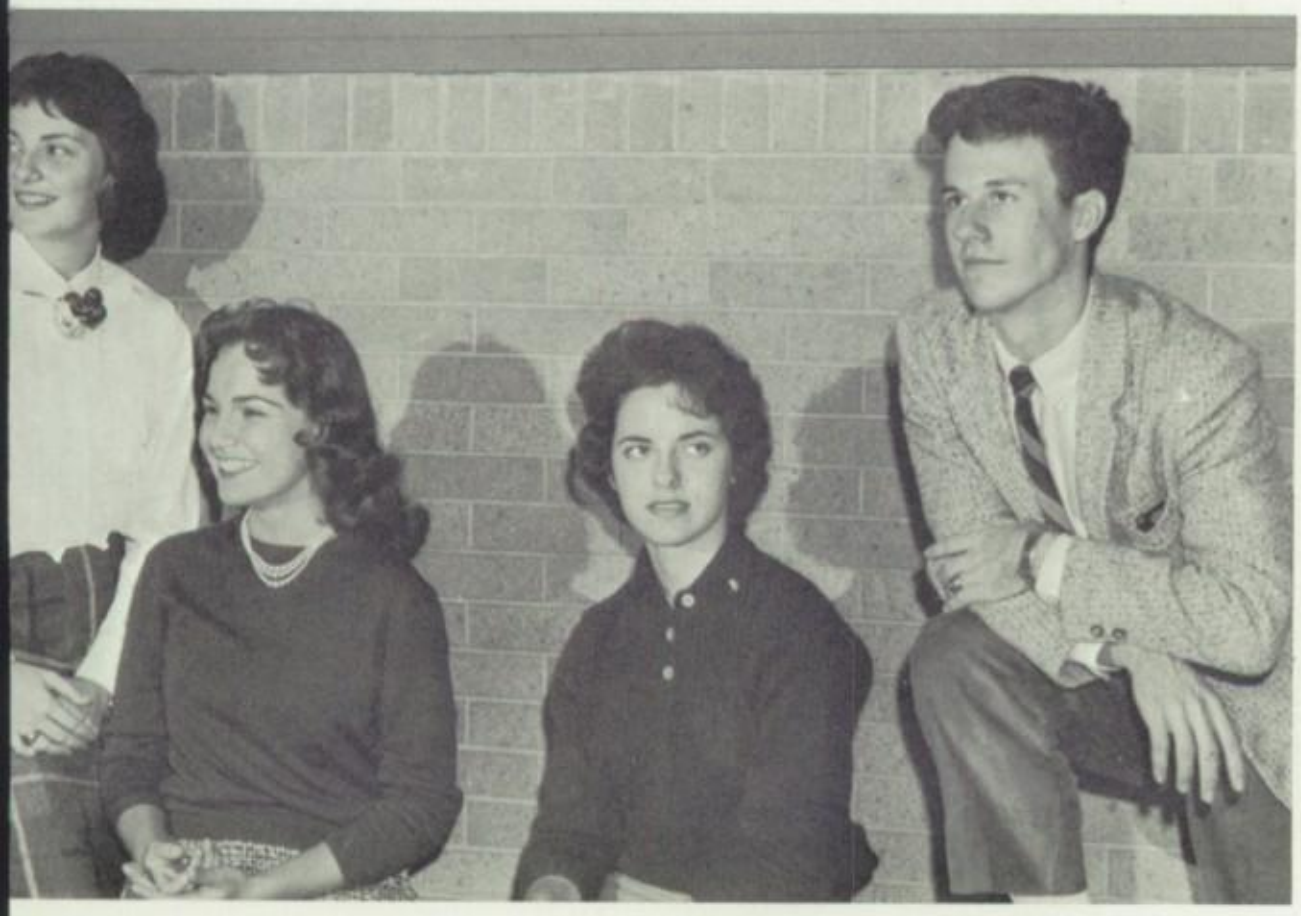
Senior Hi-Lites

Rosemarie Passannante proudly receives the Elmira Key from Mrs. Millicent Willie.

One day no senior will ever forget is caught by cameras as Betty has her Senior Portrait taken.

"Encore please, Klaus."

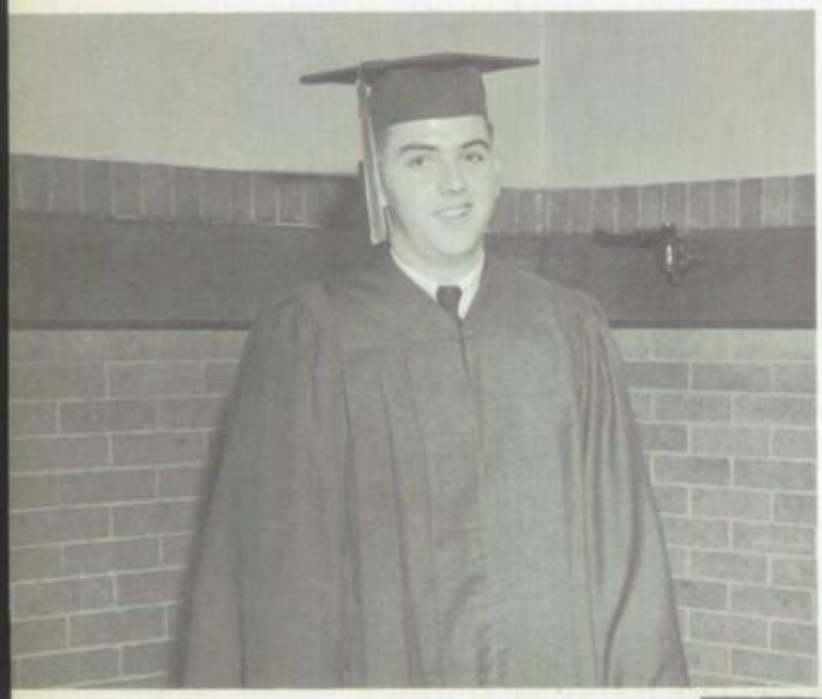
Ray audits perfect books with the help of Mr. Wessels.



The girls seem to find the agenda for the next senior board meeting pretty amusing.

Mrs. Southern hands diplomas to the smiling graduates as Mr. Jones reads out their names.

Graduation



Left: John Meyn — Valedictorian

Bottom: Ostrud Koster — Salutatorian

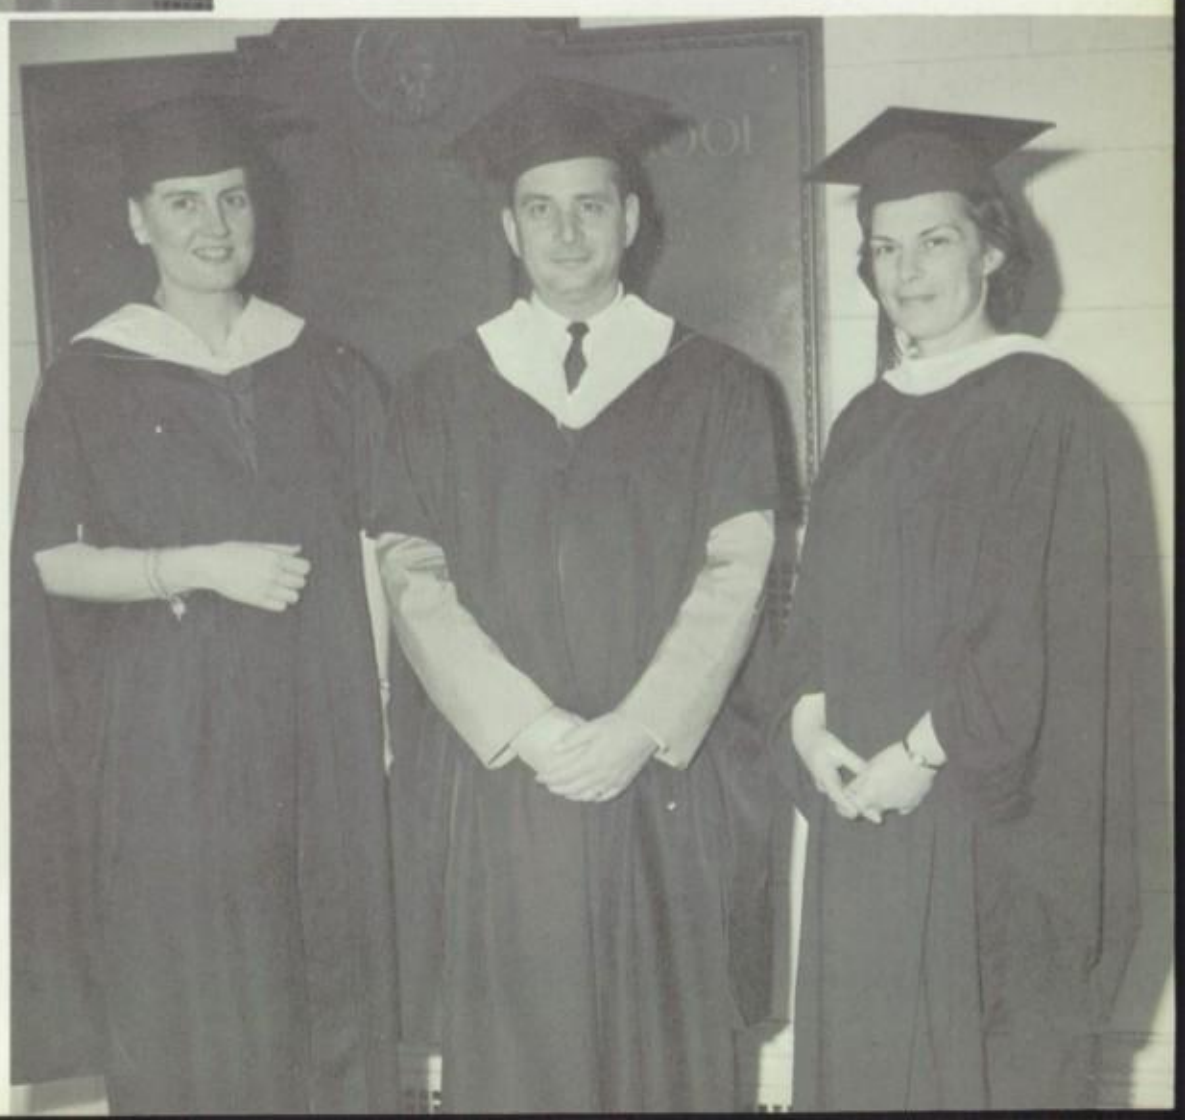
Bottom Right: Mr. Nordahl and Mrs. Southern lead the procession as graduates march onto the field.

Janet and Rich, two proud Seniors, spend a few last moments together.

Right: You can never tell what you'll find thinks Mr. Jones.

Below: "That's better," says April to Stan.

The Three Wise Counsellors await the Seniors.



Marcia and Bill move gracefully across the floor to the melodic music of the band.

Janet and Dick, a "handsome twosome."

Senior Ball

Mr. Nordahl stops to chat with Senior Advisors Mrs. Thorner and Miss Kruger at the Senior Ball.

Barry, Gerry, Evelyn and Joe pause before entering.

Exotic was the word for the decorations at "Scheherazade."

Junior Prom

Juniors climax the big evening with the Grand March.

Ursula serves punch to many thirsty Juniors.

The Triads, Barbara, Jenny and Linda, added to the festivities with their lilting voices.

Queen Rosemary reigns over the Junior Prom.

Queen Idee and King Jerry exchange a few words after being crowned.

A cool glass of punch and Valerie swaying to the Hawaiian music of Marge and Dick — what more could you ask for.

Student Council Bazaar

The Red Cross served french fries just like the ones mommy used to make.

Pete Norris, President of Honor Society, makes an arrest on code 31-B (Poor Sportsmanship).

Mr. Purple, Dick Panzica, and Miss White, Sue Mildner, take a spin around the floor.

"Wrong! Try again, Eddie," suggests Bob Singer.

"Like, let's have another cup of Maxwell House," at Sophomore Class Espresso House.

P. T. A.

More than eleven million men and women, parents, teachers and other citizens, in forty-five thousand local units comprise the National Congress of Parents and Teachers, a nation-wide, democratic, voluntary organization that centers its whole interest on the welfare and education of children and youth.

The Sewanhaka High School Parent-Teacher Association is a part of this great parent-teacher movement. While it is a self-governing group, motivated by the spirit of service to the school and to the community, it has the support and the guidance of the state branch and the National Congress.

Its objects are:

To promote the welfare of children and youth in home, church and community.

To raise the standards of home life.

To secure adequate laws for the care and protection of children and youth.

To bring into closer relation the home and the school, that parents may cooperate intelligently in the training of the child.

To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social, and spiritual education.

Mrs. J. Niosi, **President**

THE ULTIMATE DEFENSE

Knowledge is the ultimate defense if kept free to repel the evils that besiege mankind. To give knowledge the time to win, it must be protected—on its outer perimeter by weapons.

Weapons are created with knowledge, built with know-how, and produced in quantity with technical skills. Foremost in Grumman's plans for the future are men who have the imagination to create and the insight to solve.
